

Romania

Post-communist Romania is a country that is home to many driven individuals working toward political and social progress. However, during this extended season of healing and development, the children of Romania need our help! Many families lack access to adequate health care, education, social services and nutritious food. One More Child has a ministry partnership in Oradea, Romania that feeds children and improves the lives of children at orphanages, in gypsy villages and in a local hospital. The potential for people to respond to the Gospel message is great in Romania, and you can be a bearer of the message!
